TO THE PUBLIC!

The introduction of Dr. John Bull's une-qualled Sarsaparilla, has formed an era in the medical world. Its rise, progress, and the many wonderful cures it has effected, since it was introduced to the public, have been a sub ject of great astonishment, and even comman-ded the admiration of the American people.— When the history of this truly wonderful medicine is known, together with the extraordinry exertions made by Dr. Bull, to make it the most valuable compound of Sarsaparilla known to the world, its rapid and unprecedented rise and progress, will no longer be a theme

Twenty-six years since Dr. Bull, then a boy. came to Louisville, and was employed for a number of years in studying the business of an Apothecary, with Messrs. Byers & Butler, Dr. T. E. Wilson, and the lamented L. George Ir. After leaving the service of Dr. Wilse Dr. Bull was employed by Dr. F. Scerch, an city. and for many years, a Sargeon in the Grand Army of Napoleon.
